

# ECO-LEADER BY REFIN CERAMICHE

# PRODUCT SHEET

## DESCRIPTION

Eco-Leader is a series of through-body porcelain tiles by Refin Ceramiche. Comprised of at least 40% recycled material, Eco-Leader meets the requirements set by the LEED building rating system and may be used to earn LEED MR Credits 4.1 and 4.2. This series is also certified by Det Norske Veritas.

## COLORS

The through-body field tiles and mosaics are available in four solid colors (Stone, Sand, Ground, Ink). There are also three decorative patterns available in a range of colors.

## SIZES

Standard nominal (and actual) tile sizes are 4"x24" (3.93"x23.62"), 12"x12" (11.81"x11.81"), 12"x24" (11.81"x23.62"), 18"x18" (17.71"x17.71") and 24"x24" (23.62"x23.62"). Decorative patterns and mosaics are available in select sizes. The 4"x24", 12"x24" and 24"x24" field tiles are rectified, allowing for a tight 1/16" grout joint. Tile thickness for all field tiles is 3/8" (0.39").

## APPLICATIONS

Tiles are suitable for interior and exterior walls, as well as interior residential and heavy-traffic commercial floors.

## INSTALLATION + MAINTENANCE

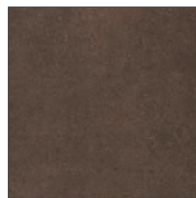

Tiles can be installed using standard installation methods for thinset adhesives. Use high quality adhesive and grout from manufacturers such as Laticrete and Mapei, following manufacturers' recommendations, depending on conditions. Clean with a neutral detergent when needed.

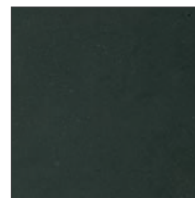

Stone

Sand

Ground

Ink
